FRED "FOREMAN" FOSTER

# MFS ALUMINIUM FORMWORK SYSTEM

## ALUMINIUM FORMWORK TECHNOLOGY

A Unique Technology which ensures Monolithic Concreting that eliminates one stage of concreting. Entire Forms for Vertical (Shear Walls / Columns) and Horizontal (Beams and Slab) including staircases, balconies, window hoods, storage lofts etc. are set at one stage for single pour resulting in Accurate Finish with Consistent Quality.

## WHY IS IT SPECIAL?

**SPEED**

**QUALITY**

**SAFETY**

**EASY MATERIAL  
HANDLING**

**HIGHLY VERSATILE  
& DURABLE**

**ENVIRONMENT  
FRIENDLY**

**EASE OF ERECTION &  
DE-SHUTTERING**

**LESS DEPENDENCY  
ON SKILLED WORKERS**

# ADEQUATE DESIGN SETUP WITH IN-HOUSE CUSTOMIZED SOFTWARE

Team of Qualified and Experienced Engineers with Excellent Technical knowledge strive to provide all round solution to help customer achieve their unique construction needs. Our Design Team starts with a Meticulous Simulation and Scrutiny of Structure with customized software developed in house which Ensures Accuracy along with Savings in Money, Resources and Most Important Time.

- 3 Dimensional structural model is extruded as per the approved shell plan as shown in figure.
- Complete setting of MFS Aluminium Formwork Components from already generated library is done on the structural model as shown in figure.
- This rotating 3D model of entire unit along with individual panels can be viewed for accuracy.
- Software automatically identifies Clashes or Over Laps( if any) at this stage which are rectified prior to the generation andr elase of shop drawing by the software itself.
- This assures flawless manufacturing drawings along with final BOQ and Site Operational Drawings based on which entire MFS Aluminium Formwork System is Manufactured.
- With the above process a soft Mock-Up of entire project is ensured.

# MANUFACTURING FACILITIES

**SUBSTANTIAL STOCK OF RAW MATERIAL**

**CNC Cutting**

**CNC Punching**

**Friction Stir Welding**

**Buffing and Lacquering**

**Robot Welding**

**FABRICATION WITH ROBOTIC CONCEPT**

**QUALITY CONTROL WITH QR CODING**

**MECHANIZED LOGISTIC PROCESS**

**MATERIAL READY FOR DISPATCH**

# TECHNICAL SUPPORT AND SITE TRAINING

We, at MFS Group of Companies, provide valuable support to our customers, through a dedicated team of experienced technicians, thus enriching the value-chain as a complete formwork company.

## SITE ASSISTANCE & SUPPORT

- Site Inspection for site conditions
- Execution under MFS Supervision.
- Orientation for workers.
- Daily tutorials at site.
- Checking of materials.
- Ensuring achievement of desired cycle time.

# OUR ACHIEVEMENTS

MFS Aluminium Formwork System has been awarded with many respectable awards for their role in providing best formwork solutions in various category of projects.

**1100+**  
PROJECTS

**100+**  
CITIES

**23+**  
STATES

**10+**  
COUNTRIES

# FORMWORK PARTNER TO RENOWNED DEVELOPERS
